

Team Summit Big Mountain Holiday Camp
Alta/Snowbird Jan 1-5 2020
Ages 13-18

About: The Holiday travel camp will be held for its second consecutive year at Alta/Snowbird. They have already received the most snow of any resort in North America, and are on track to continue the trend. The goals of this camp include:

- Skiing faster in *less* consequential terrain than we are used to at home
- Carrying more speed into airs and therefore going bigger
- Build confidence through repetition (airs and speed)
- Pushing our current comfort level in varying types of terrain
- Practice visual and on-hill inspection on unfamiliar terrain
- Improve our beacon skills during beacon training exercises
- Team Building and preparing ourselves for future travels throughout the winter
- Ski lot's of powder! (hopefully)

Schedule
