Spring training made available through the generous support of Keystone Resort is the most cost-effective way for Team Summit Colorado athletes to log many of the all-important on-snow days to maximize progression and work towards next season's goals. As compared to "away" camps with costs for transportation, lodging, and meals, the Keystone Area 51 training provides training for the cost of accessing terrain, snow, and lifts.

Training is planned for up to 9 days on snow and is directed by TSC Park coaches as well as the addition of a few guest Pros. Focus is on progression of fundamentals and a continuation of the success each athlete from the 18/19 Season.

The camp is offered as a Full Camp. "A la Carte" Options are not available.

Cost - 9 day Camp \$300
