

Team Summit Colorado – Age Class A-Basin May Training 2023

Dates: May 4-8, 11-14 and 18-21, 2023

Who: All Team Summit Colorado Alpine Age Class Athletes

Location: A-Basin

Transportation: Personal Responsibility (School shuttle participants will be transported on weekdays).

On-snow Schedule

Age Class – 12:30-4:00 School Days / 8:15-12:30 Weekends*

*Subject to adjustments

**Rising athletes will train with their 2023-24 programs.

**Detailed daily schedules will be provided to registered participants.

Local spring training is the most convenient and cost effective way for Team Summit Colorado athletes to log all-important on-snow days. As compared to training at remote locations where athletes require transportation, lodging and meals, A-Basin provides high quality skiing and training for the cost of accessing terrain, salt and coaches' costs.

Training is planned for up to 12 days on snow and is directed by TSC Alpine Age Class coaches. Focus is on progression of fundamental ski racing skills in free-skiing and basic gate training environments.

TSC Member Spring Training Cost – Age Class

Full Program with up to 12 days on snow: \$850

Half Program with up to 6 days on snow: \$450

Daily Rate for 4 days or less: \$95

*A-Basin Pass is required. Tickets are not included in costs.

Athletes registered for 2023-24 Team Summit Full-Time / Academy or Part-Time Age Class or Ski Racing Devo are invited to participate.

Non-members may not participate.

Camp registration deadline is May 1. Intent for the days you plan to attend on Playmetrics.

Refunds for unused days or prorated program fees will be made in the case of an injury or illness.
