**Details:**

Airfare is not included in the camp price allowing participants to purchase on their choice of airlines, use points or extend their European experience on either the front or back end of camp.

A great deal of uncertainty remains regarding international travel. Any protocols in place at the time of travel will be adhered to. It is likely that either or both a proof of vaccination and negative COVID test will be required when flying to Europe and when returning home. We will offer shared team accommodations and meals and implement necessary requirements to create a “bubble” to the greatest extent possible.

Once we have more certainty regarding international travel restrictions easing and registration by sufficient athletes to make the camp viable, tickets will be booked for coaches allowing itinerary matching for those athletes wishing to be accompanied by staff.

**Please submit your registration if you are interested in this camp. There is no deposit required and no penalty for cancellation. If athletes wish to transfer to the Mt. Hood camp during the same period this will be possible without any late fee or deadline.**

**Stelvio:**

The largest summer ski area in the Alps, and known as an iconic mountain top finish of the Giro d'Italia, Passo dello Stelvio is host to National Teams and clubs from around the world. On-snow training is organized daily from 7:00AM to 12:30PM.

Lodging and three meals daily are provided at the Hotel Perego in the base area providing convenient access to the lifts, as well as, hiking, biking and an athletic field.

Training is planned for 12 days on snow and is directed by TSC Alpine Ability coaches. Focus is on technique and tactics in GS and SL training. This camp builds on the stance and balance focus of May's Copper Camp and fundamental technical and tactical focus of June's Copper Camp. These earlier camps are critical pre-requisites to maximize effectiveness of training in Stelvio.

Day off and afternoon activities will include trips to sample Italy and local culture.
