

## **Team Summit Colorado – Utah Olympic Park Training camp.**

Dates: July 23 - 26 and/or September 13-15

Who: Team Summit Park and Pipe athletes

Where: Park City, Utah's Olympic training facility

Why Airbag training: Because we have the opportunity to go train on a state of the art airbag that will help us progress in a safe environment.

What: We will head to Park City 2 times this summer to train on the airbag. We get to ride our actual skis down a synthetic snow surface to hit an airbag with a sloped landing. The sloped landing makes you feel like your landing on a cloud. Participants must be comfortable on medium sized jump features.

How Much:

July Camp \$550 (12 hrs on the bag) September Camp \$450 (8hrs on the bag)

Camp includes transportation, lodging, coaching, bag time, and food at the house. Food while driving is the athlete's responsibility. We will have approximately 2 lunches and 1 dinner on the road.
