2020 Snowboard Camp

Mount Hood, Oregon
Ages 10 and Up
July 6th - July 20th, 2020

Big Changes are happening at Mt. Hood this summer. The Traditional private park set up is gone. All parks are going to be operated by Timberline. This is a great thing for us as it means access to the same set ups, with more airbags, more days/week, at a better price. On the Glacier (up top) this season there will be a BoarderX course, 22' pipe serviced with a rope tow, 2x 18' pipes, medium jump and rail zone serviced with a rope tow, pro park serviced with a rope tow, and a small hike park zone. There will be pipe air bags and landing bags in the medium zone and 22' pipe zone. Down low in the public park area there will be 3 medium jumps and a bundle of rails and boxes. There is plenty for us to work with this season.

Why Hood: Because Oregon is RAD! We get full laps just like we do in the winter. A typical top to bottom run at mt. hood goes banked slalom course, to BoarderX course, to medium/large jump, to 22' pipe, to 18' pipe, to 3 jump medium line, to endless small medium and large jib features, then do it all over again.
