Spring training made available through the generous support of Keystone Resort is the most cost effective way for Team Summit Colorado athletes to log many of the all-important on-snow days to maximize progression and work towards next season's goals. As compared to "away" camps with costs for transportation, lodging and meals, the Keystone Area 51 training provides high quality training for the cost of accessing terrain, snow and lifts.

Training is planned for up to 20 days on snow (17 days on snow for U14 and younger) and is directed by TSC Alpine Ability and Age Class coaches. Focus is on progression of fundamental ski racing skills in free-skiing and basic gate training environments.

Camp is offered as a Full Camp or "Weekends Only". "A la Carte" Options are not available.
