*Rising athletes will train with their 2021-22 programs.

Local spring training is the most convenient and cost effective way for Team Summit Colorado athletes to log all-important on-snow days while maintaining COVID-19 guidelines and minimizing risk of infection. As compared to training at remote locations where athletes require transportation, lodging and meals, Copper Mountain provides high quality training for the cost of accessing terrain, snow and lifts.

Training is planned for up to 15 days on snow and is directed by TSC Alpine Ability and Age Class coaches. Focus is on progression of fundamental ski racing skills in free-skiing and basic gate training environments.

TSC Member Spring Training Cost – All Ages

Full Program with up to 12 days on snow: \$1275 Half Program with up to 6 days on snow: \$750

Daily Rate for 4 days or less: \$159

Athletes registered for 2021-22 Team Summit Full-Time / Academy or Part-Time Age Class and Ability Programs or Ski Racing Devo are invited to participate.

Non-members may not participate.

Camp registration deadline is May 5. Intent for the days you plan to attend and health checks will be recorded on TeamSnap.

Refunds for unused days or prorated program fees will be made in the case of an injury or if an athlete withdraws from the balance of the training program to quarantine because of suspected exposure or symptoms.
