

# THE SUMMIT FOUNDATION CUP BRECKENRIDGE SKI RESORT 2020

## Pro-Tip #1

Be Early!

All ski and snowboard events rely on their athletes being on time! As many of you know, chairlifts can stop, parking can be surprisingly full, or the bus can be late. It's best to always give yourself extra time.

## Organizer Tips

Our goal is to host an event that is fair for everyone!

Think back to what your 1st grade teacher would say about snacks during class: "Did you bring enough for everyone?"

Competitions run the same.

## Pro-Tip #2

Your score doesn't define you.

Are you sick? Do you have a test tomorrow? These are all things that can affect one's score. Just remember it's one day. A growth mindset gets you to the highest levels. It forces you to improve for the next time and there are always more competitions.

## Bibs

Bibs must be returned before awards or families face a \$100 Lost Bib Fee.

### Athletes are responsible for:

- Registering as early as possible (7:45am).

## What is Cross?

A cross course is a race with a series of banked turns and features.

## Inspection

Inspection is the time you have to look at the course. Go down slow with your coach. This is not the time to race.

## Start Order

You will be given a bib at registration. Usually, you will follow the bib number in front of you. So if you're bib 34, you are going after bib 33 and before bib 35.

## Start Structure

Your starter will tell you when you can go down the course. Please wait for their signal.

# What a Summit Foundation Cup Competition Looks Like

## Registration

---

You can register your athlete as soon as it becomes live on the web page. Day-of registration is also possible provided there is still space available

All resorts require waivers. In some cases you will be able to fill out waivers electronically if you register on-line. You can always fill out waivers during check-in the day of the event.

## Checking-In

---

Everyone must check in at the Registration Desk the morning of the event. The Registration Desk will have your bib, and lift tickets. Your athlete will not be allowed to participate in the event without a bib.

**Lift Tickets** - athletes receive a free lift ticket at check-in

**Family Lift Tickets** - parents can buy a discounted lift ticket voucher at check-in. You will need to take the voucher to the ticket window to exchange the voucher for a lift ticket. See the event Fact Sheet for specifics on prices etc.

**Foot Traffic/Uphill Traffic** - Some Resorts allow foot traffic, some don't. (Foot Traffic means you access the course by walking off the chairlift and to the course.) Same goes for those looking to skin during hours. Check the fact sheet or contact the resort for more information.

## Coach Assignments

---

You can choose to ski with your athlete during the competition day though we strongly recommend your athlete join their assigned team.

If you choose to ski with your athlete, **YOU** are responsible to ensure your athlete is where they need to be, when they need to be there. This includes having them lined up in bib order for course inspections and well before their start times.

If your athlete wants to ski with a Team Summit coach, they will be assigned a coach after check-in is complete. The coaches will be holding signs with age groupings so you will need to know what age group your athlete is in. There is no guarantee your athlete will be skiing with their "normal" ITS coach.

Your athlete will need to bring their normal backpacks with extra gear, lunches, water and snacks when they leave with the coach. [Click here to see our recommended packing list for a competition day.](#)

## Parent Etiquette

---

Please be patient and flexible throughout the day. These events are FREE and are primarily supported by parent volunteers.

- Ask the right questions - ie "did you have fun," instead of "did you win"
- Learn the Sport and Culture
- Understand your athletes goals
- Give Ownership to both your athlete and their coach

## Coach Assignments

---

Each event starts with a course inspection/practice. During this time, the athlete will have an opportunity to check out the course and prepare for their run. For detailed information on where and when inspection will take place please refer to the event fact sheet.

Athletes only get one competition run for most Summit Cup events so it is imperative they do not miss their start.

Parents... please be patient throughout the day! These events are meant to be fun for the kids but are primarily run by parent volunteers.

Your athlete needs to be prepared to do a lot of waiting around throughout the day. This means they need to have their packs with them, bladders empty and hand warmers ready to go at any time. This is NOT exclusive to Summit Cups, this is at all levels of competitive skiing/riding. They need to be at the start early and wait patiently for their turn.

It can be difficult for the coaches to lap between runs as they need to ensure all of their athletes are where they need to be, when they need to be there.
