Local spring training is the most viable and cost effective way for Team Summit Colorado athletes to log all-important on-snow days while maintaining COVID-19 guidelines and minimizing risk of infection. As compared to training at remote locations where athletes will need to provide their own transportation, lodging and meals, Copper Mountain provides high quality training for the cost of accessing terrain, snow and lifts.

Training is planned for up to 15 days on snow and is directed by TSC Alpine Ability and Age Class coaches. Focus is on progression of fundamental ski racing skills in free-skiing and basic gate training environments.
