HEAD/TYROLIA LIMITED WARRANTY

In the case of direct sales from the HEAD/TYROLIA web shop, HEAD/TYROLIA itself warrants, otherwise HEAD/TYROLIA'S authorized distributor in the country in which this product was first sold at retail, warrants to the first retail purchaser or user, that this product shall be free from defects in materials and workmanship. This limited warranty, as well as any implied warranty, shall expire two years from date of the initial retail purchase. For warranty claims or service, the product must be returned at the consumer's expense, in the case of direct sales from the HEAD/TYROLIA web shop, to the costumer service address stated in the web shop or otherwise to the place of purchase, or to another authorized TYROLIA dealer or to the authorized TYROLIA distributor in the country of purchase. This "Instructions for Use" booklet, the proof of purchase, and proof of periodic service must accompany all bindings returned under warranty.

LIMITATION OF LIABILITY

Cosmetic damage that does not affect function, and any damage caused by abuse or improper use, are not covered. Parts subject to normal wear and tear, such as AFD's, Brakes, windows, plastic or metal tracks, are not covered. Your sole remedy under the Limited Warranty or any implied warranty shall be limited to the repair or replacement, at HEAD/TYROLIA's and its distributor's sole option, of the subject product or parts thereof. In no event shall HEAD/TYROLIA or its agents be liable for incidental or consequential damages or for any cost of transporting or shipping the product, whether the claim is based upon contract, warranty, negligence or product liability, including, without limitation, loss to property other than the bindings, loss of use of any property, or other economic losses. Neither HEAD/TYROLIA nor any distributor or dealer shall be liable for contribution or indemnification, whatever the cause. This warranty may not be assigned or transferred. HEAD/TYROLIA's obligations under any warranty shall be limited, to the greatest extent allowed by law, as provided in this Limited Warranty. Some states do not allow limitations on implied warranties or on certain damages or remedies, so some or all of these limitations may not apply to you. This Limited Warranty gives you specific legal rights, and you may also have other rights which vary in different states, provinces and countries.

SERVICE UNDER THE HEAD/TYROLIA WARRANTY

- Products requiring service under the terms of the warranty should be dealt with as follows:
- Send the complete binding set to the authorized distributor where evaluation will be made and warranty action taken if required.

- If a clear warranty situation exists, and the shop wishes to replace the pair of bindings products out of stock for a customer, the shop may do so after the approval of the ski warranty department of your HEAD/TYROLIA distributor. Be sure to check suitability and mounting hole pattern before making a change of model.
- When possible, the replacement should be of the same model as the returned product.
- If the same model is not available, the shop should contact the authorized HEAD/TYROLIA distributor warranty department for authorization before a more expensive model is selected for replacement.
- If a replacement is made from retailer stock, the complete binding set should be returned to the authorized HEAD/TYROLIA distributor as soon as possible. The packing list must clearly state which model was used for replacement.
- The "Instructions for Use" booklet (warranty), and proof of purchase must accompany all products returned for consideration.
- No credits will be issued..
- The authorized HEAD/TYROLIA distributor reserves the right to deny replacement to the retailer if the alleged problem is not verified or if products are returned without the "Instructions for Use" booklet and proof of purchase.
- Replacement bindings are covered by the warranty stated above.
- Any bindings returned to the authorized HEAD/TYROLIA distributor due to inappropriate release values (i.e. values which fall outside the In-Use range on the current HEAD/TYROLIA Adjustment Chart) must be accompanied by a completed System Performance Report.
- The report form is printed in this manual; no warranty action will be taken on release value related claims unless this report accompanies the returned bindings.
