

## Parent Chaperone Application

Name:

Trip name:

Date:

This is a Team Summit Team Travel trip, and as such, all policies and the code of conduct of Team Summit must be observed and enforced.

Prior to approval to attend the trip, each applicant must become a US Ski & Snowboard volunteer member with a background check and SafeSport training and must review and agree to the Minor Athlete Abuse Prevention Policy (MAAPP)

As an adult on this trip, my role is unquestionably to enforce Team Summit rules and support Team Summit coaches on the trip in that endeavor. Team Travel trips have defined athletic goals. We acknowledge that athletes are still learning and that the adults will guide and nurture students during their time away from home. Athletes need both extensive attention and supervision. Extended travel is a privilege and a great opportunity for athletes at Team Summit. One group or one athlete can jeopardize the future for all. Great investments of time, money, and preparation will be put in place before ever leaving Summit County. I take seriously my role as an adult on this trip and agree to follow all rules of Team Summit, work at all times to ensure the safety of the group, and work with all adults on the trip to guarantee the success of this trip.
